## Fighting Spirit Twins Special Catalogue 2012 A commitment to preserve the roots of Muay Thai

Muay Thai teaches various techniques to use every part of a strong and healthy body as a weapon. Not just the fists, but also using the elbows, knees, shins, feet, footpalms, head and even the ankles to attack and defend because any part of the body can play a decisive role in a fight and knock down the opponent.

In order to be able to practice Muay Thai skills or techniques one should have the right training facilities and the suitable boxing equipment to protect oneself from unnecessary injuries. Over a great length of time Twins Special Co., Ltd. has successfully designed a whole range of excellent products supporting local boxing heroes to become recognized champions at national and international levels.

The management of Twins Special Co., Ltd. strongly believes in the values of Thai tradition of paying homage to the ancestors. With a sense of obligation to them, the company is committed to preserve the roots of Muay Thai and turn them into a "fighting spirit" by developing products of excellent quality standards, to be appreciated by people around the world.

We are all living in a world, with people on the move, looking for new ideas and challenges. In this respect we wish to remind you of our commitment to preserve the roots of the Muay Thai tradition and ask you to think about your own boxing environment.

Who is teaching you to make the right choices in order to challenge and to compete, to fight and to succeed with the right attitude? Do you show your teacher, your family and friends, and last but not least, your opponent in the ring, enough respect?

Using the right phrase of mind and the right quality standard of Thai Boxing Equipment will help you to reach your goals. We sincerely hope you join us in our way of thinking and we will be proud to assist you to make the right choice of gloves, protection and fightwear to reach the level of real "fighting spirit".
